---------------	----------------	------------------	-----------------	------------

AREAS REQUESTED FOR TREATMENT:

☐ **Exterior** Please list all pest locations: _____

☐ **Interior** Please list all pest locations: _____

Deep Sink or Hose Bib Locations for Water: _____

Additional Instructions: _____

For Entrance and Exit, Designated Contact Person: (Name, Business and Home Phone Numbers, if different than above)

NOTE: Prior to **flea control** work, our staff must inspect and find fleas. Square footage of carpeted areas must be provided as part of the requested areas to be treated.

REMINDERS:

- IPC structural pest control staff need access to your facility to survey, to treat and any post treatment activity. Please provide any security information to our staff when we call to make the appointment.
- County Security (858) 694-3552, and County Custodial Staff (858) 495-5104, must be notified about the job prior to our arrival.
- Prior to any pest control work, an inspection may be conducted to determine the extent of the pest problem and appropriate action to be taken. If the inspection does not reveal evidence of a pest problem, it may be determined that pest control work is not appropriate. If problems are due to structural deficiencies or lack of sanitation, work may not be undertaken until problems have been resolved.
- If your facility is not ready for service, IT WILL NOT BE TREATED.
- Preparation instructions will be provided when the treatment is scheduled.
- It is the legal responsibility of the Designated Contact Person named above to convey the information regarding the application to anyone likely to enter or occupy treated areas, including custodial staff and security personnel.

Please return this form to the Department of Agriculture, Weights and Measures, Integrated Pest Control Program
